SHREE SANATAN DHARAM COLLEGE OF COMMERCE

E- Governance Policy

The college aims to improve its e-Governance system to ensure continuous and easy access to valuable data. To achieve this, it has committed to enhancing the use of digital tools across various activities within the institution. The following are the areas of accomplishment as follows:

1. The website of the college gets continuously updated on a routine basis as and when the events take place. Details updates on examination, course details are displayed on the website. All the significant blocks of information and achievements are posted via social media that include WhatsApp and Facebook.
2. The process of admission for academic programmes has become wholly computerized.
3. Communication from the Principal to the staff primarily occurs online through the college's official WhatsApp group, although it isn't the only method used. Similarly, class teachers communicate with students regarding academic matters and parental involvement through digital channels. Additionally, updates about fee payments are also shared digitally.
4. Staff and students of the college with prior permission in the written format from the Principal and the Librarian have free access to e-journals and e-resources provided in the college library. The students may avail the facility of INFLIBNET N LIST wherein they could easily navigate through the vast repository of e- resources that are helpful to them in carrying out minor research activities at the graduate levels.
